

# Climbin' Up Mt. Everest

## The Kinleys

Out of time, out of luck  
Thought I was just dreamin  
Then I woke up  
You said it was overThe end of the line  
Im tellin everybody Im fine  
But Im justClimbin up Mt. Everest  
I swear its like crawlin from here  
To Memphis knocked senselessLike diggin a hole in China to find  
You dont love me no moreNight after night I come home  
Watchin on the news  
Who else was overthrown  
Two warring nationsWe fought the good fight  
Always waiting for the other to strike  
And its likeClimbin up Mt. Everest  
I swear its like crawlin from here  
To Memphis knocked senselessLike diggin a hole in China to find  
You dont love me no moreShine the light, ring the bell  
Guess you dont love me  
Well, well, Ill go on, Ill survive  
I dont know how but Ill tryClimbin up Mt. Everest  
I swear its like crawlin from here  
To Memphis knocked senselessLike diggin a hole in China to find  
You dont love me no moreYou dont love me no more  
You dont love me no more
