Midnight Man

Renee Olstead

Fifteen days
One day of some'thin long hours
I'm wish'n that man
would send me flowers,
anytime in the rain.
Over and over, in the night
he calls to me
long'n a kiss and cuddle me
he's always still in my,
still in my dreaming.
I don't wanna miss you
No I only wanna kiss you
Heaven says to me
If the sun don't shine
think'n about that man
that's taking all of my time
Kick'n back in the slick Cadillac
Sublime weather for romance
Summertime without my daddy
Squeezing all the sugar out that man's candy!
I don't wanna miss you
No I only wanna kiss you
Heaven says to me
If the sun don't shine

think'n about that man!
So let it rain
it's much better weather
the state I'm in
the thick knitted sweater
Warm sunny days
make my mind so foggy
let a pussycat is think'n chase'n that doggy!
I don't wanna miss you
No I only wanna kiss you
Heaven says to me
If the sun don't shine
think'n about that man
that's taking all my time

All my time!
Oh take'n all the precious
Heaven bless me
the sun don't shine
Just think'n about that man
He's take'n all my precious time
Heaven bless me
Come on, help me
I don't wanna miss you
All I wanna kiss you
It's all about my midnight man.
