

# Favorite Girl

## O-town

Mmm, mmm  
Yeah, yeah, yeah, yeah  
Mmm, mmm  
Damn it's like, there she was this sweet lady  
Man she was lookin' so tight that it drove me crazy  
And I'll never go over trying, tryin' to make this lady  
Oh how I wish that I wasn't so shy, it wasn't that I  
I never had experience in, in chasing ladies  
Oh did I miss my chance, hell I must be crazy  
If I ever get the chance, the chance to see her again  
That's when I'll tell her that I need her so  
She was my favorite girl, she was sweet as candy  
And I gotta tell her that I wanna make her my baby  
And if we get the chance, the chance to meet, yeah  
That's when I'll tell her that I need her so  
Now I'm back on the block in my new Jaguar trying to find this lady  
Never gonna admit, I won't stop till I find my baby  
Back down the alley way I'm going crazy  
If it ever crossed my mind, I wouldn't find this lady  
Reality, my mind's playin' tricks on me  
How could this be, she could have this effect on me  
Right before my very eyes, that's where I found her  
And then I told her that I need her so  
She was my favorite girl, she was sweet as candy  
And I gotta tell her that I wanna make her my baby  
And if we get the chance, the chance to meet, yeah  
That's when I'll tell her that I need her so  
She was my favorite girl, she was sweet as candy  
And I gotta tell her that I wanna make her my baby  
And if we get the chance, the chance to meet, yeah  
That's when I'll tell her that I need her so  
Listen up here fellas if you ever find that girl  
That girl you really want, go ahead and tell her  
You don't wanna wait too long, she might find another  
And you don't wanna leave yourself shoulda, coulda  
She was my favorite girl, she was sweet as candy  
And I gotta tell her that I wanna make her my baby  
And if we get the chance, the chance to meet, yeah  
That's when I'll tell her that I need her so

She was my favorite girl, she was sweet as candy  
And I gotta tell her that I wanna make her my baby  
And if we get the chance, the chance to meet, yeah

That's when I'll tell her that I need her so

She was my favorite girl, she was sweet as candy  
And I gotta tell her that I wanna make her my baby  
And if we get the chance, the chance to meet, yeah

That's when I'll tell her that I need her so

I need her so

She's so sweet candy

I made her so, oh
