

# Coming at You

## Beyond Fear

[Owens]Do you see it, do you see it  
Do you see it, it's coming at you  
Do you see it, do you see it  
Can if feel it, it's coming at youDo you see it, can you feel it  
Coming at you, making you sick  
Look around, what do you see  
A world of lies and miseryIt knows what's in your head  
All your thoughts that's never said  
A disease, it's all around  
Just a shadow without a doubtYou've seen my people around you die  
No rhyme or reason to say good byeOn the ground or in the air  
Maybe cancer to spread fear  
It's own god, it's own religion  
Taking life, it's addictionIt's in church, it's in your schools  
Teaching something you can't learn  
You're not safe, young or old  
For death's coming, so I've been toldDo you see it, do you see it  
Do you see it now, It's coming at you
