

Anthem of the Unwanted

New Years Day

This is for the ones who hurt us
This is for the hypocrites
This is for the shit we've taken
Get out our fucking way We spit venom on your doors
We give them hell lets make them listen
Torture and absorb
It's the kind of pain that you've been missing I'm the dealer
For your darkest secrets
Selling nightmares
To the ones in need
(Hey)
There's no way around it
Don't speak, don't make a sound
(Hey)
Now you're surrounded
It's our voices getting loud
(Hey)
There's no way around it
So don't try and drown us out
(Hey)
Now you're surrounded
It's our voices getting loud Feeling so reborn
Toxic life from toxic waste
Beautifully deformed
You're one of us so sing with me
This is for the ones who hurt us
This is for the hypocrites
This is for the shit we've taken
Get out our fucking way I'm the dealer
For your darkest secrets
Selling nightmares
To the ones in need (Hey)
There's no way around it
Don't speak, don't make a sound
(Hey)
Now you're surrounded
It's our voices getting loud
(Hey)
There's no way around it

So don't try and drown us out
(Hey)
Now you're surrounded
It's our voices getting loud Fighting for our lives
Won't be deceived
We won't go unseen
With our hearts so heavy
Tell me that you're ready We're ready now
We're ready now
We're ready now (Hey)
There's no way around it
Don't speak, don't make a sound
(Hey)
Now you're surrounded
It's our voices getting loud
(Hey)
There's no way around it
So don't try and drown us out
(Hey)
Now you're surrounded
It's our voices getting loud
We're getting loud
We're getting loud
Don't speak don't make a sound
We're getting loud
We're getting loud
It's our voices getting loud
