

# Heartless

## Heart

The doctor said come back again next week  
I think that you need me  
All she did was cry  
She wanted to die doctor when can you see me  
There's a guy out there  
Seems like he's everywhere  
It just ain't fair Heartless heartless  
Never never out of control  
Heartless heartless  
Ya keep on sinnin'  
In the name of a rock and roll  
Heartless heartless  
Ya think he's gonna bare his empty soul  
He never realizes the way love dies  
When you crucify it's soul Late night, in the penthouse room  
The fire is burnin'  
The shadows are warm  
She lay in his arms, answers his yearning  
D'ya think she understand the lie of his plans  
Her eyes are filled with sand Heartless heartless  
Never never out of control  
Heartless heartless  
Ya keep on sinnin'  
In the name of a rock and roll  
Heartless heartless  
He thinks it's so cool to be cold  
He never realizes the way love dies  
When you crucify it's soul Heartless heartless  
Never never out of control  
Heartless heartless  
Ya keep on sinnin'  
In the name of a rock and roll  
Heartless heartless  
Ya think he's gonna bare his empty soul  
You never realizes the way love dies  
When you crucify it's soul Yeah, didn't you never realize Crucify me
