Giving up the Ghost

Shapeshifter

If I was wrong, then let me fall I
Was before, leave me all alone
When I call out, would you make a sound
Could you hold me now, lift us off the groundIt's been too long, so dim the light
Face the night, like the days are gone
Breaking me down
As the nights come outFeel such a fool to let these demons go
Yes I was wrong to let these dragons goAs the lies burn through all I see
As the blood runs cool over me
Did her eye did this scar hollow
Gotta stay right here in my momentIf I was wrong, then let me fall I
Was before, leave me all alone
When I call out, would you make a sound
Could you hold it now, lift me off the groundIt's been too long, so dim the light
Face the night, like the days are gone
Breaking down me down, all the nights come out
While I'm burning all aloneFeel such a fool to let these demons go
Yes I was wrong to let these dragons go
Feel such a fool to let these demons go
Yes I was wrong to let these dragons go
