# All Things All At Once

## Tired Pony

In those days, we were lions
In those days, we were kings
It's not one thing or the other
It's all things all at onceOoh, I will love you better than him [x5]OOooh [x6]And these wings aren't for flying
These wings are just for show
It's years since I've been flying
I'm down to the earthOoh, I will love you better than him [x5]OOooh [x6]In those days we were lions
In those days we were kings
