Courage

Manowar

Some want to think hope is lost, see me stand alone
I can't do what others may want, then I'll have no homeSo for now wave good-bye and leave your hands held
high

Hear this song of courage long into the night
So for now wave good-bye and leave your hands held high
Hear this song of courage long into the nightAnd the wind will bear my cry to all who hope to fly
Hear this song of courage long into the nightBattles are fought by those with the courage to believe
They are won by those who find the hearts, find a heart to share
This heart that fills the soul will point the way to victory

here's a fight, then I'll be there I'll be there So for now wave good have and leave your hands held high

If there's a fight, then I'll be there I'll be thereSo for now wave good-bye and leave your hands held high Hear this song of courage long into the night

And the wind will bear my cry to all who hope to fly

Lift your wings up high my friend fearless to the endSo for now wave good-bye and leave your hands held high Hear this song of courage long into the night
