

Resolution

Radio.String.Quartet

Six in the morning, that's the moment I hate
I stayed up all night and now I'm running late
 Lay down the bottle, put down the smoke
Can't find my keys, where the hell's my coat?
 Look out the window, here comes the rain
 Oh, my god, I feel the pain
 Yeah, yeah, my resolution
 (Is) to make it through another day
 Yeah, yeah, my resolution
 Ain't nothing else I want to say
They towed my car, too many tickets were due
Oh, when I look in the sky, there's not a touch of blue
 Not a touch of blue, yeah
 It don't matter if I'm right or wrong
 I'm always singing the same old song
 I need a life I can call my own
 Come on, come on, throw me a bone
 Yeah, yeah, my resolution
 (Is) to make it through another day

 Yeah, yeah, my resolution
 Ain't nothing else I want to say
 I want to make it through
 Ooh, I'm down on my knees
 Please somebody show me
 Somebody show me the way
 Ain't got no luck, ain't got no life
 Ain't got no woman to please at night
 Ain't got no future to call my own
 Somebody, come on, throw me a bone
 Yeah, yeah, my resolution
 (Is) to make it through another day
 Yeah, yeah, my resolution
 Ain't nothing else I can say
 Yeah, yeah, my resolution
 (Is) to make it through another day
 Yeah, yeah, my resolution
 There's nothing else I want to say
 My resolution

My resolution
