Groovy Dead

Rusty

Hello...
I hit top speed
I smoke the dragon
Into the loft
I drag my asshole
I stick my head under the pillow
It's so groovy when I'm dead
Pull the covers over head
It's so groovy to be dead
The phone it rings
and it's the landlord
The door it knocks
and it's the devil
Sleeps my gun
I'm out of ammo
It's so groovy when I'm dead
Pull the covers over head
It's so groovy when I'm dead X2
It's groovy to be dead
This sleepy death
it makes me so slow
I can't face life
my soul is hollow
I must get more
to fill my black hole
It's so groovy when I'm dead
Pull the covers over head
It's so groovy when I'm dead X2
It's groovy to be dead
Stick my head under the pillow... pillow... pillow... pillow...
