Right Now

Opm

Oh, boy, baby
Oh, no no no, touch me like that
Oh my god
You're so, you just don?t know
What I?d do to you if this situation were different
It?s beyond go, we?d be on this floor
It?d be on for sure, it?s too bad that we can?t
You make me wanna do something I never do
Wanna go there with you, all the way there
Touch me there, take me there with you
Boy I?m scared of you, nothing compares to you
Oh, I?m not prepared to do it
So I can?t love you right now, like I want to right now
We just can?t do it and it?s taking everything in me
I want to right now, you know I want to right now
It?s this one rule and it?s keeping me from giving you my love
I must admit it, baby, ooh, your kiss
It?s taking my mind to places that my body?s never seen before
Makin' me wantin? more
I know you hopin? that I bend a little, give a little more yeah
You make me wanna do something I never do
Wanna go there with you, all the way there
Touch me there, take me there with you
Boy I?m scared of you, nothing compares to you
Oh, I?m not prepared to do it
So I can?t love you right now like I want to right now
We just can?t do it and it?s taking everything in me
I want to right now, you know I want to right now
But it?s this one rule and it?s keeping me from giving you my love
Wanna go all the way
(My love)
We got a play it safe
(My love)
We ain't knowin' nothing
(Don't know)
If you don't know somethin'
Not without
(My love, my love)
So you just can't have my love!

So I can?t love you right now like I want to right now
We just can?t do it, it?s taking everything in me
And oh, I want to right now, but I gotta love you right now
It?s this one rule and it?s keeping me from giving you my love
Right there right there, touch me there and there
Ooh there, there, right there, right there
Ooh, no, right there, right there, right there
No, right there, right there, right there
