

# Hold You Close

## Opensouls

I know you got to leave at times  
but i just can't let u go  
Cos when you're not around  
I feel so lonely, my heart feels so cold  
Can't understand how i lost myself so quick  
when im reluctant to give in  
Because this thing called love  
dont usally agee with me  
but with you it isLately i been feeling crazy  
but my friends don't seem to mind  
they can see we gotta good thing going  
understand were one of a kind  
I wana wrap my arms around you tight  
I wanna hold you close  
I wanna spend the night, and wake up next to you  
I wanna hold you close  
And when those time get tough, and you need someone  
I'm ganna hold you close  
cause you just take my breath away you do  
I wanna hold you close  
Mmm I wanna hold ya, Mmmm I'm gonna hold yaI feel it when your not around  
i can't seem to concertrate  
And all the things i once held so dear to me  
im beginning to hate  
So why I'm giving you the key to my heart  
i dont need no another man  
Cause if I where to loose you i'd find it so hard  
No one can love you like I can  
Lately i been feeling crazy  
but my friends don't seem to mind  
they can see we gotta good thing going  
understand were one of a kind  
I wana wrap my arms around you tight  
I wanna hold you close  
I wanna spend the night, and wake up next to you  
I wanna hold you close  
And when those time get tough, and you need someone  
I'm ganna hold you close  
cause you just take my breath away you do

I wanna hold you closeMmm I wanna hold ya, Mmmm I'm gonna hold ya x 4I wana wrap my arms around you  
tight  
I wanna hold you close  
I wanna spend the night, and wake up next to you  
I wanna hold you close  
And when those time get tough, and you need someone  
I'm gonna hold you close  
cause you just take my breath away you do  
I wanna hold you close
