

Billionaire

Lagwagon

Breaking down in surround alarms are deafening alone in immersion drowning in the dream billions in the shadow of one you won't deceive all we know is failure all we have is us how can I forgive you? for breaking our last trust billions of sincerities and one you will believe you have to honor me [repeat] our lives are incomplete without our honesty our honesty breaking down the numbers eliminate the waste nothing's ever perfect forget about disgrace fuck the purist. fuck the tourist fuck the bourgeoisie you have to honor me I have to honor you our lives are incomplete without our honesty my life is incomplete without our honesty honesty
