

# One Trick Pony (Original Mix)

[deadmau5](#)

Pump the brakes,  
You're a red-flag, red light  
Holdin' up a stop sign  
I'll never be sloppy seconds Go ahead, take them back,  
Your one, two, three minutes  
All you do is take, take,  
Takin' off the little Got more goin' on  
I'd rather be eating glass,  
Stick hot needles in my eyes,  
Go ahead and tap that ass Draw them up,  
Yeah like there's candy girl  
I ain't tryin' a connect  
Or paint a picture I'm not in it, never will be  
You can't be me, get your freak on,  
You can suck it, they've all seen it  
And you liked it, now who wants it?  
Cotton candy sugar high Break your bones  
When you come down  
You're a one trick,  
My trick pony who's next to hop on  
Ride, ride, ride 'Bout to bring a blood spill  
We've both been there,  
What's the next stop? I won't sit still Back to bring up what's real  
We've both been there  
What's the next stop? I won't sit still Pump the brakes,  
You're a red-flag, red light  
Holdin' up a stop sign  
I'll never be sloppy seconds Go ahead, take them back,
