

# Nobody Else

## Evan Wickham

i love You completely  
each morning You greet me  
with the sunrise on my face

and then like a shower  
Your mercy and power  
rain down on me in this place

and I gaze up above me  
see all the light  
lost in Your love  
here in the night

nobody else... can

love the way you do  
revive my soul  
make it new  
You're clothed in robes of white  
tender mercy in Your eyes

creation surrounds me  
with a common theme:  
Hallelujuah to the King  
like voices of angels  
music so high  
past the mountains  
beyond the sky

and i gaze up above me  
see all the lights  
i'm lost in Your love  
here in the night

nobody else...can

love the way You do  
revive my soul  
make it new  
You're clothed in robes of white

with tender mercies in Your eyes

You love the way You do  
like nobody else

You love the way You do...

You love the way You do  
revive my soul  
make it new  
You're clothed in robes of white  
with tender mercy in your eyes
