

# Spark

## Until The Ribbon Breaks

Oh I was half cut from a full cup  
Losing money like the races are fixed And I don't like champagne  
The Party's the same  
The talk is just as dry as the drinks But that was last year  
This is my business speech  
This is where I make a joke of my past You've got to ride on your luck  
Not give up when they tell you that you came in last  
Oh oh(Chorus) Oh oh oh  
Heard you found my spark  
Oh oh oh oh  
Give me a fire to start So now I'm half cut from a full cup  
Asking you to fill my glass  
I can't be held to a word  
Can't be tied to a place  
Give me summer; Give me the sun on my face  
This is a new year  
This is my best man speech  
This is where I make a toast to my friends  
You've got to ride on your luck, not give up  
When they tell you that your dream's got to end  
Oh oh(Chorus) Oh oh oh oh  
Heard you found my spark  
Oh oh oh oh  
Give me a fire to start And if we're here for the night  
Pass me the light  
Give me a fire to start Heard you found my spark(Chorus) Oh oh oh oh  
Heard you found my spark  
Oh oh oh oh  
Give me a fire to start And if we're here for the night  
Pass me the light  
Give me a fire to start  
And if we're here for the night  
Pass me the light  
Give me a fire to start
