

# Super Unison

## Drive Like Jehu

Ready ready to let you in  
Up with the mob  
It ain't no accident we're better off You're set to inherit what I got  
You're putty now in my hands  
You're bloody now in my hands Yeah keep the herd in check or be absorbed  
Thats all  
Yeah that'll happen next and who'll be there to write you off  
Bla bla bla
