

# About You

## Jaicko

Is it the way you do your eyebrows,  
Or how you start your hair?  
Could it be the smell of your perfume?  
Or your beautiful skin? I can't figure out,  
what it is about you that makes me do,  
the strangest things,  
I can't help but love on you. What it is about you (x4) Maybe it's the way you do your nails,  
Or, the dresses you wear.  
Could it be the twinkle in your eyes girl,  
Or how you look so good when you stare. I can't figure out,  
what it is about you that makes me do,  
the strangest of things,  
I can't help but love on you. What it is about you (x2)  
every time you come around  
(What it is about you)  
I lose my defenses  
(What it is about you.) Girl you left me fallin, fallin,  
Can't figure out what it is about you  
Fallin, fallin,  
Can't figure out what it is about you I can't figure out,  
what it is about you that makes me do,  
the strangest of things,  
I can't help but love on you. What it is about you  
I wanna know  
What it is about you  
I can't put my finger on it  
What it is about you  
I wanna know  
What it is about you  
That makes me do.
