Deathbed

Combichrist

I killed you in me
I'm willing to die to seek cover
It leads me to my destiny
How I can never know what happened to me
Outcome none, outcome never makes any sense
Blinded through my eyes, all I see is red death paint
For fear in my head
White bright light
Fearless minds
Falling through again
I'm invincible
I see white lights and empty souls
Drags me down the well
EmptyI'm on my deathbed
Deathbed
I'm on my deathbed
Deathbed
DeathbedI killed you in me
I'm willing to live to start over
No sign of love, it's obsolete
I still feel lust in power
I'm still on the run
I'm still running away from you
And in this shadow I wait for you
Strip for you
In white light, my fearless mind
Falling through again
I'm invincible
I'm invincible
In white light I see my soul, drowning in a well
LonelyI'm on my deathbed
Deathbed
I'm on my deathbed
Deathbed
Deathbed
I'm on my deathbed
Deathbed
I'm on my deathbed
Deathbed

DeathbedI killed
I killed you in me
I killed you
I killed you in me
I killed you
I killed you
I killed you
You in me
I killed you in meI'm on my deathbed
Deathbed
I'm on my deathbed
Deathbed
Deathbed
I'm on my deathbed
Deathbed
I'm on my deathbed
Deathbed
Deathbed
