Miracle Rising

Die Happy

I slow down a little
Rearrange my thoughts
Love over sorrow
My sugar and my salt
Is it real? Are you real?
Tell you a story
Drop everything that's sad
I'll talk till it's Summer
Then you will speak instead
Do you feel? What I feel?A Mirical rising beyond my universe
I was trying so hard to break the curse
I hope you can survive
Do you believe in a Miracle risingWorld's best tomorrow
Honey made of gold
Wrap you in cotton
And say what should be told
Everyday
Many times
Head in the clouds
I contemplate a while
You cought my attention
Conquring my heart
Beating fast
InsideA Miracle rising beyond my universe
I was trying so hard to break the curse
I hope you can survive
Do you beleive that you die and get born again?
One day?
