

If You Can't Slow Down

Big Head Todd and the Monsters

You got your whole life for loving,
She's ain't the only girl around
Your can't achieve by shovin',
What can't be shaken down
I know you got nothing going on
But you can't sing a love song
If you can't slow down You take your heart full of trouble,
For what might happen someday
You can't by weeping double,
What you can't keep or can't make,
I know your tired of waiting for your true love,
But don't let yourself just settle for a someone,
I know you got nothing going on,
But you can't sing a love song,
If you can't slow down. If you stop to look you'll discover,
What was there all the time,
You'll find your sisters and brothers,
Together gonna get it right
I want you to open up your eyes cause what
You don't have is gonna make you a little wiser
I know you're tired of waiting for your true love,
But don't let yourself just settle for a someone
I know you got nothing going on,
But you can't sing a love song,
If your can't slow down
