

# Devil's Night Auction

## The Legendary Shack Shakers

Every Friday night off o' the Lebanon Pike  
The devil shows up with a gavel and a mike  
All o' his cronies start to creepin' on in  
The place fills up about a quarter to ten  
It don't get done till 2: 30 o'clock  
So bring yer sould won, stick it up ont he block  
It's the devil's night auction, the devil's night auction  
you ain't got another option  
you don't get a note of caution(?)  
the devil's night auction, yup yup  
gotta get a buy gotta get a bid to buy  
Black hooves clackin' on the hardwood floor  
Fever pitch frenzy holler more, more, more  
Wheeler-dealer demon movin' in for the kill  
Winner is the bidder with the high dollar bill  
They all lend an ear to the sound that sells  
Devil drops the hammer and they haul you off to hell  
It's the devil's night auction, the devil's night auction  
you ain't got another option  
you don't get a note of caution(?)  
the devil's night auction, yup yup  
gotta get a buy gotta get a bid to buy  
Black hooves clackin' on the hardwood floor  
Fever pitch frenzy holler more, more, more  
Wheeler-dealer demon movin' in for the kill  
Winner is the bidder with the high dollar bill  
They all lend an ear to the sound that sells  
Devil drops the hammer and they haul you off to hell  
It's the devil's night auction, the devil's night auction  
you ain't got another option  
you don't get a note of caution(?)  
the devil's night auction, yup yup  
gotta get a buy gotta get a bid to buy
