Sights Filled With Sounds

Solea

The game is over what's the score
Hand you the keys as you walk out the door
Hands are tied disbelief
Sneaking away like you're some kind of thief
Distant shadows i can't see
I hear them laughing honestly
Contemplate don't hesitate
The signal is coming in loud and clear
Just hold on
Can count the times that meant the most
Sights filled with sounds i'll never know
Distant shadows i can't see
I hear them laughing honestly
Contemplate don't hesitate
The signal if coming in loud and clear
Just hold on
