

# Sights Filled With Sounds

## Solea

The game is over what's the score  
Hand you the keys as you walk out the door  
Hands are tied disbelief  
Sneaking away like you're some kind of thief  
Distant shadows i can't see  
I hear them laughing honestly  
Contemplate don't hesitate  
The signal is coming in loud and clear  
Just hold on  
Can count the times that meant the most  
Sights filled with sounds i'll never know  
Distant shadows i can't see  
I hear them laughing honestly  
Contemplate don't hesitate  
The signal if coming in loud and clear  
Just hold on
