

# Dagger

## The Wanted

Stay  
Won't beg you to stay  
Go, yeah, i'll be ok  
Won't kill me this way  
Oh, Oh  
At least that's what i'll say  
No, you don't have to know  
The wounds that hurt me the most  
Cos i'll never show  
Just how deep they go  
That's why i'm telling you  
Everytime you have to go  
I don't think you even know  
It's like a dagger in my heart  
Everytime you have to leave  
Can't believe it cuts so deep  
It's like a dagger in my heart  
Dagger, Dagger, Dagger, Dagger, Dagger, Dagger  
It's like a dagger in my heart  
Dagger, Dagger, Dagger, Dagger, Dagger, Dagger  
It's like a dagger in my heart  
Strong, I thought I was strong  
These scars will heal before long  
I guess I was wrong  
Oh, Oh  
And i'm too far gone  
Try, I know I should try  
To just get on with my life  
But it's slipping away tonight  
There's some loves you can't survive

That's why i'm telling you  
Everytime you have to go  
I don't think you even know  
It's like a dagger in my heart  
Everytime you have to leave  
Can't believe it cuts so deep  
It's like a dagger in my heart  
Dagger, Dagger, Dagger, Dagger, Dagger, Dagger

It's like a dagger in my heart  
Dagger, Dagger, Dagger, Dagger, Dagger, Dagger  
It's like a dagger in my heart  
The last words I would say  
Is there ain't anyone else  
Can take this pain away  
That's why i'm telling you  
Everytime you have to go  
I don't think you even know  
It's like a dagger in my heart  
Everytime you have to leave  
Can't believe it cuts so deep  
It's like a dagger in my heart  
Dagger, Dagger, Dagger, Dagger, Dagger, Dagger  
It's like a dagger in my heart  
Dagger, Dagger, Dagger, Dagger, Dagger, Dagger  
It's like a dagger in my heart  
Everytime you have to go  
I don't think you even know  
It's like a dagger in my heart  
Everytime you have to leave  
Can't believe it cuts so deep  
It's like a dagger in my heart
