

# Red Light Fever (Alternate)

## Venom

I need a woman oh so bad  
You ever get the feeling you've been had  
You pay your money you pay the price  
You take a chance and it feels so nice  
Later maybe you wonder why  
This little lady's gonna suck you dry  
Bitch You walk the streets as the darkness falls  
You try to pass but the red light calls  
When it's done and you've had your fun  
You gotta treat yourself like number one  
Maybe, even though she treats me bad  
She's not the only one I've ever had  
Bitch I need to feel it baby can't you see  
I need a girl to set my venom free  
I'm going in can't you feel  
Feels so good now I've broke the seal  
I tell you babe I'm never satisfied  
Aint gonna die for those tears you cried  
Bitch Your makin love just like a young girl should  
You move me baby like no other could  
You give me love but I can see  
Your lovin' isn't only meant for me  
If it's a living what the hell  
I see you've only got your love to sell  
Bitch
