I Love You More

A Nice Vibe

I love you more, love you more
Love you more, love you moreI love you more
Than every wave that breaks upon
Some far and distant
Lonely island shoreI love you more
Than every drop of rain that falls
With every drop that falls
I love you moreAt night I watch the moon on high
And count the stars up in the sky
For every star that shines tonight
My love for you is just as brightI love you more
Forever I'll be true to you
I know, you'll always love me true
Forever more
(Ever more)At night I watch the moon on high
And count the stars up in the sky
For every star that shines tonight
My love for you is just as brightI love you more
Forever I'll be true to you
I know, you'll always love me true
Forever more
(Ever more)
