

Evidence In The Furnace

Cannibal Corpse

Stab the knife into the face and then
Wrench the blade inside
Murder this piece of shit
Scraps of flesh and severed bone are on the floor
These I must hide Pounding the teeth, comminute bones
They never will know
Chop up the corpse, concealing my crime
They never will find
Evidence in the furnace Secret cremation
You fucked with me and now any trace of you
Is completely gone Charring the flesh, the body is ash
They never will know
Burning the corpse, consumed by the flames
They never will find
Evidence in the furnace You cease to exist
Investigations fail to find single useful clue
Their search is futile Proof is destroyed in the searing heat, you melt away
No body, no case, there is no trace
Smoldering coals that once were your bones turn to ash
Your life is erased, there is no trace You cease to exist but the search will go on
They cannot find
Their closure denied, dead or alive You're not the first and you won't be the last
To burn in my fires Corpses will burn, burn in my fires
Your corpse will burn, burn in my fires
Corpses will burn, burn in my fires
Your corpse will burn Charring the flesh
The body is ash, they never will know
Burning the corpse, consumed by the flames
They never will find
Evidence in the furnace
