

Come On

Levellers

It's an open invitation
Everybody's free to come
Try to solve the situation
The four corners have been undone And it's no mystery
Just a thin line in the sand
Never fails to frighten me
When you don't understand Come on, come on, come on Come and share a smoke with me
We'll try to make a plan
It's all so tense you see
In every nation, every land And it's no mystery
Man-made clouds block the sun
Never fails to frighten me
These things can't be undone Come on
Come on and see
Come on and see the love Come on
Come on and see
Come on and see the love
Come on Now you hold your breath and wait
To see it turns out in the end
I know it's hard to keep your patience
You know the message has been sent And it's no mystery
Every nation, every land
Open up your eyes and see
Before it all gets out of hand Come on
Come on and see
Come on and see the love Come on
Come on and see
Come on and see the love Come on
Come on and see
Come on and see the love Come on
Come on and see
Come on and see the love Come on, come on and see
Come on and see the love
Come on, come on and see
Come on and see the love Come on, come on, come on and see
Come on and see the love
Come on, come on, come on and see
Come on and see the love
Come on
