Bet That

Bow Wow

Damn, say lil' mama
What you need to do is drop that lame
And come get wit a young fly *** like me
This what I do 24/7, 365 a year, ya dig? Ha
Baby, you ain't never seen a dunn like me, bet that
I'm the B and I don't lie
I be comin' down the block and comin', comin' down the block
And comin', comin' down the block in anything that's fly
I'm so fresh, so clean when I walk through
Schemin' on the crowd for a shorty I can talk to
I'm wit the team and we came to spend green
And we on every hot thing that came into the scene
Got a bag full of money and a Porsche on the runway
Store closed, still pop pop poppin' tags on a Sunday
Tell them other lames they'll probably catch up one day
I'm livin' for the weekend and they just gettin' up Monday
Biggest boss in the Rolls Royce, two tone gray
Ride the Phantom only from Tues to Thursday
Dudes pointin', sayin' ay them dudes don't play
Yeah, yeah, y'all know what it is, the So So Def way
Ain't nothin' changed but my age and my pay
Get the girls to the crib and they always wanna stay
And they know I got money but I never gotta pay
I'm a big boy playa, all I got to say is
Baby, you ain't never seen a dunn like me, bet that
Over here is where you really wanna be, bet that
I ain't wit the bull, I'm 'bout my money
And when I do it, I do it Thursday to Sunday, bet that
Baby, you ain't never seen a dunn like me, bet that
I'm the B and I don't lie
I be comin' down the block and comin', comin' down the block
And comin', comin' down the block in anything that's fly
It's 2 seaters in my garage, Lambos or Ferras
Watch for [Incomprehensible] before the upgrade sold
I got G's in the bag wit the G's all on it
Got a castle for the crib, I spent cheese all on it
I'm everywhere them other dudes don't be around
At the game, close enough to grab rebounds
I'm in town on a Friday, gone on a Saturday

Back on a Monday, was home about one day
Who else you know is cooler than a fan and can plan
Getaway trips chillin' on that all black sand?
I'm gettin' tanned in the winter time, chefs when it's dinner time
Won't be seen around with nothin' less than a dime
I got the game, know the slang and the language
Left in a Range, came back in a Vanquish
I got accounts on the accounts, that's amounts on amounts
And at any given time, I can bounce out
Baby, you ain't never seen a dunn like me, bet that
Over here is where you really wanna be, bet that
I ain't wit the bull, I'm 'bout my money
And when I do it, I do it Thursday to Sunday, bet that
Baby, you ain't never seen a dunn like me, bet that
I'm the B and I don't lie
I be comin' down the block and comin', comin' down the block
And comin', comin' down the block in anything that's fly
Now what day of the week is it, it don't even matter
I don't even hear them dudes with the whispers and the chatters
I be gone in that 07 steerin' and acceleratin'
Jumped in the wheels and I can't keep the pedal waitin'
Celebratin' every single chance that I get to
Make them other girls pissed off when I'm wit you
You seen that side hate at the mall that we went to
You seen what I spent, boo, that's a light issue
I play wit it, everything stay kidded
Got that 5950 on that buck-eyes fitted
They be like that man did it, still black car livin'
When it's time for some action, all the girls be wit it
That my lifestyle, girl, I'm the one you wanna holla at
Forget yesterday, I'm cool enough to bring tomorrow back
And you can see that's why your eyes all swole
You ain't gotta front, I know you wanna roll 'coz
Baby, you ain't never seen a dunn like me, bet that
Over here is where you really wanna be, bet that
I ain't wit the bull, I'm 'bout my money
And when I do it, I do it Thursday to Sunday, bet that
Baby, you ain't never seen a dunn like me, bet that
I'm the B and I don't lie
I be comin' down the block and comin', comin' down the block
And comin', comin' down the block in anything that's fly
