

Architect

C Duncan

I'll take the plans this time, and
I'll change them all.
I'll take the plans this time, and
I'll take control.It's alright now, alright now.Strength alone in the steel and the backbone,
Strength alone is by and by.
All alone in the steel and the stone, it's
All alone by and by.I'll take the plans this time, and
I'll change them all.
I'll take the plans this time, and
I'll take control.It's alright now, alright now.Strength alone in the steel and the backbone,
Strength alone is by and by.
All alone in the steel and the stone, it's
All alone by and by.
