

# City Lights

## Radio Moscow

No, I don't care  
If the sun shine me a day  
No, I don't care  
If the sun shine me today  
Clouded sight, clouded mind  
Keeps on getting in the way  
It just gets in the way

Just gets in the way  
Just gets in the way  
Just gets in the way  
Gotta keep on drowning in this cage

No, I don't care  
If those stars come out to play  
Just don't care  
If those stars come out to play

City lights and these fast cars  
They keep on driving in my way  
Oh it just gets in the way

Just gets in my way  
Just gets in the way  
Just gets in the way  
Gotta keep on drowning in this cage

Just gets in the way  
Just gets in my way  
Just keep on getting in the way  
Oh you get right in the way  
Gotta keep on drowning in this cage  
Yeah
