

# Sin Sin Sin

## DJ Party

Don't let your eyes tell the brain  
You should feel ashamed  
Everyone needs it baby  
And I feel the same  
Didn't quite catch your name  
Hush, hush, hush, don't say a thing  
Let's see what the night will bring  
It might be everything  
Oh, it hurts  
When you're too blind to see  
Please don't read my mind  
I tell the truth to me  
Sin sin sin, look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer of love and light deep inside  
Hush hush hush, to speak is a sin  
And neither of us need rescuing  
Just relax, it's what Jesus would do  
We're made in His image baby, let's ride this thing through  
Oh, it hurts  
When you're too blind to see  
What about us?  
Well, it was just for me  
Sin sin sin, look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer of love and light deep inside  
I won't sing of amore  
It don't sound sincere  
Love is a cliché  
But if it's not here, I'll disappear  
Sin sin sin, look where we've been  
And where we are tonight  
Hate the sin not the sinner  
I'm just after a glimmer of love and light deep inside, deep inside  
It's love, clean sex, joy, I love you  
You love my, hate how it it feels inside my  
Feels inside, feels inside
