

# Disappear

Selena Gomez

Disappear

I remember the first time but it wasn't the last time  
That you told me that you'd take me back so I'm still wonderin'  
Why it was ever a question, I should've learned my lesson  
I keep comin' back like a heart attack that's always breakin'

I can't let you vanish

There's no magic when you're gone

You say you don't need me, you say it's time to leave me

I'm not gonna let you disappear

I don't wanna hear it, I don't wanna believe it

I'm not gonna let you disappear

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Disappear

I don't wanna be lonely but you were always the only one who cast a spell

And made it feel like all of this was real

Nothin' but an illusion but I'm not gonna lose ya

So just do your trick and make it quick 'cause I'm pretendin'

I can't let you vanish

There's no magic when you're gone

You say you don't need me, you say it's time to leave me

I'm not gonna let you disappear

I don't wanna hear it, I don't wanna believe it

I'm not gonna let you disappear

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Disappear

Don't go

I can't let you vanish

There's no magic when you're gone

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Disappear

You say you don't need me, you say it's time to leave me

I'm not gonna let you disappear

I don't wanna hear it, I don't wanna believe it

I'm not gonna let you disappear

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Disappear

Oh, oh, oh

Oh, oh, oh

Oh, oh, oh

Disappear

Don't go

Disappear
