

More Than Material

Roseaux

I don't mind if you treat yourself
For a day or only shop for you
And I don't mind if you buy clothes
That I think may not be right for you
Who you are is not what you wear
And what you think has nothing to do with hair
I love you for what your heart shows
That's why I just can't let it go I ain't worry about your clothes
Cause the clothes don't make the woman
I ain't worry about your hair
Cause the hair can't give me lovin'
Only you
I ain't trippin' on your shoes
'Cause they don't smile at me the way you do.
Girl to me you're a miracle
You're so much more than material I don't mind if you have fun
Goin' out to get your make up done
I don't mind if I see you
Exploring different sides of you
I love you from the inside out
I love all the things that I don't know about
'Cause you're the realest woman I know
That's why i just can't let it go I ain't worry about your clothes
Cause the clothes don't make the woman
I ain't worry about your hair
Cause the hair can't give me lovin'
Only you
I ain't trippin' on your shoes
'Cause they don't smile at me the way you do.
Girl to me you're a miracle
You're so much more than material
