

Kids

OneRepublic

[Verse 1]

Days when

We'd fight, we'd fight 'til I would give in

Yeah, perfect disasters

We were reaching, reaching for the rafters[Pre-Chorus]

And on most of the days we were searching for ways

To get up and get out of the town that we were raised, yeah, Cause we were done

I remember, we were sleeping in cars

We were searching for OZ

We were burning cigars

With white plastics tips 'til we saw the sun

And we said crazy things like

[Chorus]

I refuse to look back thinking days were better

Just because they're younger days

I don't know what's 'round the corner

Way I feel right now I swear we'll never change

Back when we were kids

Swore we would never die

You and me were kids

Swear that we'll never die[Verse 2]

Lights down

And we drive and we're drivin' just to get out

Yeah, perfect disasters

Yeah we were swinging, swinging from the rafters[Pre-Chorus]

Hey, we were dancing in cars

We were looking for ours

We were naming the stars

After people we knew 'til we had to go

And we were saying things like[Chorus]

I refuse to look back thinking days were better

Just because they're younger days

I don't know what's 'round the corner

Way I feel right now I swear we'll never change

Back when we were kids

Swore we would never die

You and me were kids

Swear that we'll never die[Bridge]

Nights when we kept dancing

Changing all our plans and
Making every day a holiday
Feel the years start burning
City lights they're turning
Something 'bout this feels the same[Chorus]
Back when we were kids
Swore we would never die
You and me were kids
Swear that we'll never die
I refuse to look back thinking days were better
Just because they're younger days
I don't know what's 'round the corner
Way I feel right now I swear we'll never change
You and me were kids
