

# Stuck On My Baby

Anders Osborne

Everybody knows I'm stuck on my baby  
Kissin' me dizzy, huggin' and lovin'  
Sweet on my baby for sure

Tall grass grows, their ain't no maybe  
Diggin' the groovin', movin' real slow  
Sweet on my baby for sure

She love me all good  
Rain or shine  
Just like a diamond in a silver mine

Hello everybody, I'm sweet on my baby  
I don't gotta tell, you already know  
I'm stuck on my baby for sure

Jump around singin' and dancin' all day  
She got me all silly, writin' this ditty  
I'm dumb for my baby you know

Birds and the bees keep hummin' away  
Bumpin' and buzzin', flyin' the sky  
I'm high on my baby for sure

She love me all right  
Come dusk till dawn  
Sun and the moon baby you're the one

Come on everybody, look at my baby yeah yeah  
Sweeter than this, don't happen you know  
I'm stuck on my baby for sure

She love me all fine  
Sweet and hot  
Stirin' all around in that honey pot

Hello everybody I've found my baby, yeah yeah yeah  
The world's gotta know, I ain't lettin' go  
I'm stuck on my baby for sure  
Yeah I got my wish, she sealed with a kiss

My baby said yes yes yes  
Put on that dress, and gimme that hand, and I'll be your man  
I'll love you the best, and then some more  
I'm stuck on my baby for sure

Stuck on my baby!  
Stuck on my baby for sure
