

# Love Angel

Js

I wanna be your love angel, love angel  
Sit here on the sofa boy  
Put your drink on this coaster boy  
And just sit back and relax your mind  
'Cause you're bound to have a good time 'Cause you been working hard all day  
And now it's time to get away  
Turn your phone and two-ways off  
I'll be the only one you need to call I can't wait to give you all this lovin'  
'Cause baby, you deserve it  
You give me back the real kissin' and huggin'  
Boy, tonight I'll be your [Chorus]  
Love angel, a touch of heaven from me  
Love angel, my love is all you need  
Love angel, you can depend on me  
Love angel, I'm gonna be your love angel  
First we'll get into the showers boy  
And make love for hours boy  
Tonight you're gonna be all mine  
Make the greatest love of all time  
And you won't get enough of my heaven's touch I can't wait to give you all this lovin'  
'Cause baby, you deserve it  
You give me back the real kissin' and huggin'  
Boy, tonight I'll be your [Chorus] Can you imagine boy  
You and me going above the sky  
Physical attraction follow me  
I'm gonna be your guide Chain reaction  
Once we start boy, we can't stop  
You and me climaxin'  
We'll be taking this love to the top [Chorus] Yeah JS, said somebody's, who, callin' me  
Hello ladies from around the way  
I thought I heard somebody call my name  
I'm here to take you out this pourin' rain And cuddle you just like a small cafe  
Soothe your body and put your mind at rest  
You don't believe, then as JS  
From the sofa to the bed to the floor  
I'm 'bout to take you straight through heaven's door [Chorus] However you want me to touch you boy  
However you want me to feel you boy  
However you want me to kiss you boy I'll do it
