Can't you see it's the last time
for me to take a ride
can't you see it's a must.It's a bit of a question
for me to stop and stare
guess who's having a blast?Hey, I maybe right
Hey, It could be rightIf I lose my direction
and I can find my way
slowly fading away.Maybe it's an illusion
it's always in my head
can I poke you instead?Hey, I maybe right
Hey, It could be right
Hey, I maybe right
Hey, It could be rightCan I send my head away?
Can I run and never stay?Can't you see it's the last time
for me to take a ride
can't you see it's a must.It's a bit of a question
for me to stop and stare
guess who's having a blast?If i lose my direction
and I can find my way
slowly fading away.Maybe it's an illsuion
it's always in my head
can I poke you instead?Hey, I maybe right
Hey, It could be right
Hey, I maybe right
Hey, It could be rightCan I send my head away?
Can I run and never stayIf you tell me that I'm going blind
you're my alibi!If you think that I have lost my mind
you're my alibi!Always wanted to be on my own
far away from home.I don't wanna stay
I'm not coming home.
