By My Side (B'c'b' Remix)

Babylonia

I can taste it in the love I breathe
I feel taken in
A flame within
It's you
That I'm calling, I'm calling, I'm calling, I'm callingI surrender to the urge I feel
You redeem my soul
Break my fall
It's true
Now I'm coming, I'm coming, I'm coming back to youWhenever you hold me
Wherever you reach me
Forever in between,
From time to time
Wherever you find me
Whenever you feel me
Life is by my sideAnd I don't look behind
I feel life walking by my side
Time and space undefined
I want life beating by my sideDrop my crutches I have died enough
Heaven knows my pain
My attempts in vain
Again
I recover, recover, recover, recoverDescend for me to give me wings
Just lead me on
When hope is gone
With you
I'll be rising and rising and rising and rising once again
