I'm waiting for the sun rises again
rise up, let me see the sunpeople always say "Black or white", but the world is so gray
even angels and devils were once the son of god I praised

yes I know, yes I know that I...
yes I know, yes I know that I...
I am the only one
I am the only one who can stop this decadence and offer my presence
I gotta do it myself even if it goes wrong
the sun will rise again

the sun will rise again(oh-oh)
I'm the only one who can save myself
even if it seems nothing is bright
the last bit of hope is getting out of my sight
total gain is slight, can't get sleep at night
until the day I find a ray of light
I'll never give it up

I'll never forget "all I want to be is me"
