Sick And Tired

Johnny Winter

Oh baby, whatcha gonna do?
Oh baby, whatcha gonna do?
I am sick and tired foolin' 'round with youI get up in the mornin' fix you somethin' to eat
Before I go to work I even brush your teeth
I come back in the evenin' you're still in bed
Got a rag tied 'round you're headBaby, whatcha gonna do?
I am sick and tired foolin' 'round with youThis is my last time tellin' you to change your ways
I'm tellin' you, mama, I mean what I said
My last time tellin' you to stop your jive
You'll gonna find yourself outsideBaby, whatcha gonna do?
I am sick and tired foolin' around with youThis is my last time tellin' you to change your ways
I'm tellin' you, mama, I mean what I said
Last time tellin' you to stop your jive
You'll gonna find yourself outsideBaby, whatcha gonna do?
I am sick and tired foolin' 'round with youYeah, baby, whatcha gonna do?
Baby, baby, baby, whatcha gonna do?
I am sick and tired, foolin' 'round with you
Yeah, I'm sick and tired, baby
