

# Sick And Tired

## Johnny Winter

Oh baby, whatcha gonna do?  
Oh baby, whatcha gonna do?  
I am sick and tired foolin' 'round with you I get up in the mornin' fix you somethin' to eat  
Before I go to work I even brush your teeth  
I come back in the evenin' you're still in bed  
Got a rag tied 'round you're head Baby, whatcha gonna do?  
I am sick and tired foolin' 'round with you This is my last time tellin' you to change your ways  
I'm tellin' you, mama, I mean what I said  
My last time tellin' you to stop your jive  
You'll gonna find yourself outside Baby, whatcha gonna do?  
I am sick and tired foolin' around with you This is my last time tellin' you to change your ways  
I'm tellin' you, mama, I mean what I said  
Last time tellin' you to stop your jive  
You'll gonna find yourself outside Baby, whatcha gonna do?  
I am sick and tired foolin' 'round with you Yeah, baby, whatcha gonna do?  
Baby, baby, baby, whatcha gonna do?  
I am sick and tired, foolin' 'round with you  
Yeah, I'm sick and tired, baby
