

Cat People (Putting Out Fire)

Giorgio Moroder

See these eyes so green
I can stare for a thousand years
Colder than the moon
Feel my blood enraged

It's just the fear of losing you
Don't you know my name
Well, you been so long
And I've been putting out fire

With gasoline
See these eyes so red
Red like jungle burning bright
Those who feel me near

Pull the blinds and change their minds
It's been so long
Still this pulsing night
A plague I call a heartbeat

Just be still with me
But it wouldn't believe what I've been through
You've been so long
Well it's been so long

And I've been putting out the fire with gasoline
Putting out the fire
With gasoline
See these tears so blue

An ageless heart that can never mend
Tears can never dry
A judgment made can never bend
See these eyes so green

I can stare for a thousand years
Just be still with me
You wouldn't believe what I've been through
Well you've been so long

It's been so long
And I've been putting out fire with gasoline
Putting out fire with gasoline
Putting out fire

We've been putting out fire
Well it's been so long so long so long
Yes it's been so long so long so long
I've been putting out fire

Been so long so long so long
And putting out fire
Been so long so long so long
Yeah yeah putting out fire

Been so long so long so long
Been putting out fire
Been so long so long so long
Yeah putting out fire

Been so long so long so long
Putting out fire
Been so long so long so long
It's been so long

Been so long so long so long
It's been so long
Been so long so long so long
It's been so long

Been so long so long so long
I've been putting out fire
Been so long so long so long
