I'm Bad

Jay Venom

I am a bad machine
A little bit obscene
Ill break the law in two
Tell me whatcha gonna do

Meet me at the top,
and I wont stop, get right,
make ya loose your mind.

Can You keep up with something
so official, I do ill keep it beneficial (yeah)

Woah(yeah) (x5)

Im bad (x3)

Just take a look at your tv screen and
you will see that im bad.

Just take a look at my attitude
You will see that im bad.

Im Bad (Im Bad)

Ill bring you to your knees.
Ill have you saying please.
Ill have your tongue locked up.
Drinking from the bad cup.

When it all comes down too.
the very simple fact that im
controlling of your mind so slow.

Its best you just give up.

Woah(yeah) (x5)

Im bad (x3)

Just take a look at your tv screen and
you will see that im bad.

Just take a look at my attitude
You will see that im bad.

Im Bad (x2)

Before you turn up your stereo
Before you turn up your radio
You better call 911.

Just take a look at your tv screen and
you will see that im bad.

Just take a look at my attitude
You will see it im bad.

Im Bad (x3)
