Yele

Wyclef Jean

Yo, yo, I wanna give a shout out to the world
This is Wyclef, cold-chillin' out here with my pina-colada
Yeah, baby I'm in the islands, cold relaxin'
Right about now the carnival's gonna change phasesIf you got your ticket, man, you're allowed to come with me
Yo, for right now I'm gonna chill in the beach
Check out the pretty girls layin' back, you know how we do, playa yo
I'm out here in the sun, baby, it's all good
