Stir Me Up

Hadise

Stir me up, stir me up
Make it hot, Make it naughty
Stir me up, stir me up
I like that, boy you've got meStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you gotStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got meI can see you standing there
Checkin' out the dress I wear
But boy tell me first what's on your mindI know that you want me too
Make you feel like your my boo
So boy get me in the mood tonightThat's right it's gotta be all or nothing
Don't make me wait, let me know that you want me
I don't wanna sleep alone tonightYou can stay as long as the moon is
Shining in my little bedroom
I just gotta have you by my side
I don't wanna sleep alone
Tonight I gotta have you by my sideStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got meStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got meI know I've been watching you
You've been checkin' on me too
Oh boy, are you man enough for meDo just what ya gotta do
I can taste the heat in you
Oh boy, let me take a bite in youThat's right it's gotta be all or nothing
Don't make me wait, let me know that you want me
I just gotta have you by my side
I don't wanna sleep alone
Tonight I gotta have you by my sideStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got meStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up

I like that, boy you've got meSeni istiyorum
Yaklas yanima sakin korkma
Sana hastayim anlasana
Yaklas yanima sakin korkma
Sana hastayim bunu anlasanaStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got meStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got meStir me up, stir me up
Make it hot, make it naughty
Stir me up, stir me up
I like that, boy you've got me
seni istiyorumYaklas yanma sakin korkma
Sana hastayim anlasana
Yaklas yanima sakin korkma
Sana hastayim anlasana
