Alone

Trey Songz

(Chorus)
Shawty we been sippin on bub
N I done had enough
Let's get up out this club
Cuz I'm tryna get u
Alone alone alone
U alone alone alone
Shawty we been flirtin all night
N once we outside
Can I offer u a ride?
Cuz I'm tryna get u
Alone alone alone
U alone alone alone
Twinkle twinkle little star
Over there standing by the bar
Would u mind if I came 2 where u are?
Where u are?
When I look in ur eyes girl ur tellin me yes
N when I look at the way ur booty poke outta that dress
Nah nah girl don't try to hide it
I'm on my way over there stand right beside it
I wanna kno how u doin
What's ya name
Girl this chemistry we share is so insane
Girl u kno wats happenin
Me n u just laughing
Plus my phone done died so put ur number on this napkin
(Chorus)

Beautiful, Gorgeous,

I aint tryna buy ur time I can't afford it
Wat I'm tryna do is paint a pretty portrait
Me n u a chariot ride with horses
I done came a long way
From white tees n forces
N as a man I understand we can't force it
But if I walk u outside where the porche is
I'm tryna take u back home to my fortress

Woman take my hand
Tell me wats ur name
Girl this chemistry we share is off the chain
Tell me wat u think
U n I been laughing
Baby girl I'm asking
For a night of passion
(Chorus)
All I'm thinkin
How can we get
Alone alone alone
(Just u n me baby)
Alone alone alone
(Just u n I)
N once I get u imma kiss u
Imma touch u cuz ur softer than some tissue when u leave me ima miss u
Gotta get u alone
Alone alone alone
(Chorus)
I hope ur cool with that
Just u n I girl.
