

Sitting by the Riverside

The Kinks

Just sitting down by the riverside
Spreading my arms to the open wide
Now, I am free and the world's at my feet
I can close my eyes
Oh love, keep me warm, keep me satisfied
Please keep me calm, keep me pacified
Now, I'm content and my life is complete
I can close my eyes
Sitting by the riverside with you, I love sitting down
By the riverside, watching the water go flowing by
Oh golly gee, it is heaven to be like a willow tree
Spend my time, just drinking wine while looking at the view
